

Nalua Valley – Changes in required mods

- [mcl2_backpack](#)

mcl2_backpack

Change formspec

cause: formspecs don't follow VL rules --> place hotbar = 4th line of inventory

```
mcl_backpack.form.endium = table.concat({  
    "formspec_version[4]",  
    "size[12,18]",  
    mcl_formspec.get_itemslot_bg_v4(0.5, 1, 9, 9),  
    "list[current_player;backpack;0.5,1;9,9;]", --81 slots  
    mcl_formspec.get_itemslot_bg_v4(0.5, 12.85, 9, 3),  
    "list[current_player;main;0.5,12.85;9,3;9]",  
    mcl_formspec.get_itemslot_bg_v4(0.5, 16.8, 9, 1),  
    "list[current_player;main;0.5,16.8;9,1;]",  
    "listring[]",  
    "label[0.5,0.5;..C("#313131", S("Backpack")).."]",  
    "label[0.5,12.5;..C("#313131", S("Inventory")).."]",  
})
```
